

Patuxent Research Refuge Girl Scouts Spring 2014

The following workshops for Girl Scouts are being offered this spring. We are still in the process of evaluating the changes made to Girl Scouting and are gradually adding new workshops to meet the updated requirements. These workshops are free; however, donations are greatly appreciated and can be donated through the Friends of Patuxent. Space is limited, and **registration is required** by calling **301-497-5887**. **Registration will not be accepted until 9:15 am one month prior to the date of the workshop** (i.e., if the workshop is on October 1st, then registration will not be accepted until 9:15 am on September 1st). A maximum of ten, (10), scouts will be accepted from **each troop**. Participants must stay for the entire workshop. Please note that all workshops **are subject to change or cancellation** dependent upon availability of staff and/or low registration numbers. Other programs may be available; call and ask to speak to our Scout Coordinator.

Scout workshops will be announced seasonally to allow us to ensure leader availability.

Cadet Scouts:

Night Hike:

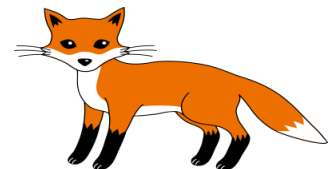

Would you like to prepare your scouts for what they may hear on an overnight campout in the woods? After receiving many calls from Cadet leaders wanting to schedule night hikes, we added these to our program offerings. Scouts will be introduced to common sounds of the night, learn about their origins and what they mean. We will cover birds, mammals, amphibians, and insects. **Come to North Tract** for an opportunity to learn about this active nighttime community.

April 13th, 2014 - 6:30 - 8:30 PM

Please check the following website (after January) for information on our Refuge Birthday Celebration - open to all without pre-registration.
